

REMARKS

Pending Claims

Claim 1 has been amended. Claims 3-6 were canceled without prejudice or disclaimer in a prior Amendment. Accordingly, claims 1-2 and 7-11 are pending in this application. Claims 1, 2 and 7 are independent.

Interview Statement of Substance

Applicants' undersigned representative would like to thank the Examiner and the Examiner's supervisor for the courtesy extended during the in-person interview conducted August 21, 2007. During the interview, the purpose and operation of the invention were discussed to better explain the claim language of the pending claims. The Examiner also expressed concern that a portion of claim 1 was confusing, and Applicants agreed to amend that portion of claim 1 by submitting this Supplemental Amendment, as discussed further below.

Amendment to Claim 1

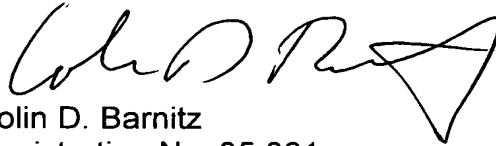

Claim 1 has been amended to address the Examiner's concerns regarding the language "said new request address having said program identifier appended thereto". Applicants have amended this language to now read "said new request address having said program identifier embedded therein". This language finds

support, e.g., at page 3, line 24, through page 4, line 2 of Applicants' original specification.

Conclusion

Should the Examiner have any questions regarding the claims or specification, the Examiner is encouraged to contact Applicants' undersigned representative via telephone. In view of the foregoing, Applicants respectfully request that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
